Dear Sir

RE: Certificate of Correction for
US Patent 6,852,668 issued February 8, 2005.
My file: UWO7US

Please disregard the request for a Certificate of Correction filed this morning as it contained an error and enter this one.

On receiving a plaque for this patent the inventor noted that his name was misspelled on the patent.

In the Patent as published the inventor's name is spelled "Tarek Ei Solh" whereas his name is spelled "Tarek Elsolh" i.e. Elsoth should be 1 word and the "i" should have been a -l-.

On reviewing the matter it was noted that in the documents submitted the inventor's name is spelled "Tarek El Solh" (which apparently corresponds to the files at the University of Western Ontario (Assignee) where the invention was made).

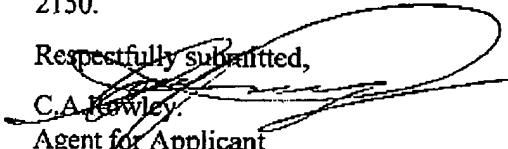

Thus apparently 2 typographical errors were made, one by Applicant in misspelling the inventor's name (El Solh as opposed to Elsolh) in the documents as filed and another by the US Patent Office by changing the El to Ei.

When I, the Agent of record, heard of the problem I then (the next working day April 3, 2006) called the Patent Office Petitions Department and was informed that a simple Certificate of Correction was all that is required. I immediately drafted a Certificate of Correction and filed same (by fax) on April 4, 2006.

A Certificate of Correction to correct the above is attached for registration against this patent.

Please charge the fee (100.00US) for this Certificate of Correction to my Deposit account no. 18 2150.

Respectfully submitted,

C.A. Rowley
Agent for Applicant
